Holiday Participation: KID provides services to thousands of children and families each year. Most are financially challenged and the holidays are a very stressful time as they choose between the necessities of living expenses and providing gifts for their children. We believe all children deserve the magic of opening presents on Christmas morning. With your help we can make the season merry & bright for those who would otherwise go without.

There are many ways to get involved: our General Wish List, Gift Card drives, Toddler & Teen drives, and financial contributions. Specific information is available in October.

Financial gifts are always accepted
